

innovating skies. crafting composites.

THIS IS

CAP focuses on wear parts in the areas of carbon and plastic glass.

We analyzed the original parts and incorporated improvements to simplify assembly or increase durability. We continue to expand our product line, offering cost-effective and high-quality replacement parts for the ATR 72 and ATR 42 series.

SAVE MONEY

Designed to optimize efficiency and reduce operational costs, helping you achieve significant savings.

SAVE DOWNTIME

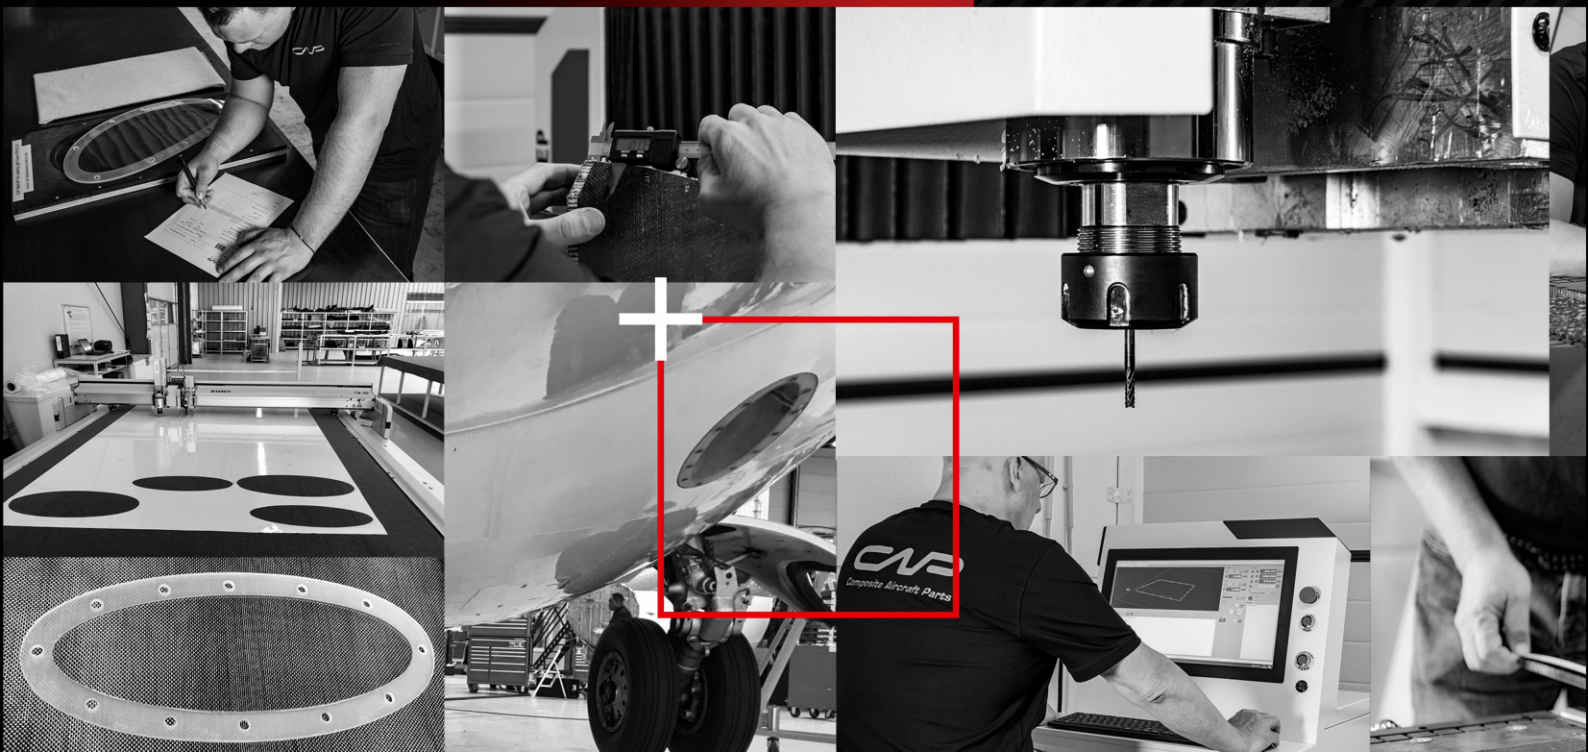

Minimize aircraft downtime thanks to our one-day shipment from our European hub.

ENDURANCE CHAMPIONS

Experience the difference of our products that are built to last, offering you unmatched durability and longevity.

EASA CERTIFIED PORTFOLIO

Trust in our commitment to safety and compliance with EASA-certified products that meet the highest industry standards.
